

Pipers in Lead in Baseball Circuit

Hamlin Team to Face Anson Here Friday Night; Perfect Record So Far in Season

Hamlin's Pied Pipers baseball club was leading the teams in district 6-A this week, with a perfect record for the season, J. N. Burditt, coach said.

The Pipers are slated for the second game with the Anson Tigers on the Hamlin diamond Friday evening. The game, originally scheduled to be played in Anson, was changed to the local field to give Hamlin fans an opportunity to see the locals in action.

In the first contest with the Tigers, the Pipers eked out a win by the narrow margin of 3 to 2, Burditt pointed out. The team considers Friday night's game one of the most crucial of the entire season.

If the Pipers continue to lead the district throughout the schedule, they then will be pitted against the winners of district 6-A, western half, for final district honors.

The game Friday night will be called promptly at 7:45, Burditt said.

In a game with Merkel on the local diamond last Friday night the Pipers emerged victorious over the Badgers with a score of 7 to 2. J. B. May, Hamlin pitcher, yielded only five hits to the Badgers. He set a record of 13 strikeouts, and gave only three free walks.

Hamlin players hit pitcher Floyd of Merkel for seven runs and he issued two walks. Floyd struck out seven Hamlin players.

Almost 90 Per Cent of City Taxes Collected

Hamlin taxpayers have paid almost 90 per cent of the 1949 tax bill, according to Clint Abrow, city secretary. The exact per centage figures 89.72 per cent of the total.

City tax rolls carried a total of \$22,277.39 against local property for the year, and of this amount a total of \$19,520.47 has been received in cash, and \$467.03 was credited in discounts, Abrow disclosed.

Hamlin's tax are carrying a total of \$25,316.90 in delinquent taxes, which have accrued over the past several years.

More Than 200 in Attendance Here At WMU Parley

With more than 20 delegates from churches in five counties in attendance the District 18 convention of Women's Missionary Unions of Baptist Churches, held its two-day annual meeting here Tuesday and Wednesday of this week.

The convention was attended by 90 representatives of Jones County churches, according to Mrs. A. R. Posey, president of the Jones County WMU.

Officers elected for the ensuing year were named at the closing session of the convention Wednesday. They are: Mrs. Hob Smith, Rochester, reelected president; Mrs. Bob Speck, Rochester, reelected treasurer; Mrs. Paul Turner, Sylvester, elected young people's secretary. Mrs. Posey, as president of the county organization automatically became one of the vice presidents of the district convention.

Highlight of the convention was an address Wednesday by Mrs. Eula Mae Henderson, state executive secretary of the WMU. Mrs. H. C. McCamey of Nigeria, Africa, was also one of the featured speakers.

250 Attend Hamlin Lions Zone Meeting

Approximately 250 Lions and their ladies from clubs in Zone 2-E attended the zone ladies night banquet in Hamlin last Friday evening, when the local club was host.

The banquet was served in the Elementary School gymnasium and guests. Abilene Christian College presented a musical program.

Bank Deposits Down Slightly, Report Reveals

Deposits in the Farmers & Merchants National Bank of Hamlin were down slightly from the last report, in a statement published in this week's Hamlin Herald.

Deposits as of April 11, when the call was made by the comptroller of currency, showed a drop of \$218,341.20 from the high of December 31, 1948, when the last report was made.

While deposits were dropping, due to the seasonal slump in business activity, together with recent heavy withdrawals to pay income taxes and other levies, loans carried on the books of the bank were up \$93,492.93 over the report of December 31.

Cash on hand and due from other banks also revealed a slight decrease with \$103,394.92 less being shown than in the December call.

Comparison of the two statements revealed the following figures: Deposits, Dec. 31, \$3,665,441.01, April 11, \$3,447,099.81. Loans and discounts, Dec. 31, \$901,972.13, April 11, \$995,465.06. Cash on hand and due from banks, Dec. 31, \$1,226,153.85, April 11, \$1,121,175.93.

The complete condensed statement of the bank is published on another page of The Herald this week.

Rain for Week Is 2.22 Inches; for Year Totals 6.04

Hamlin and surrounding area were soaked with rains totaling 2.22 inches this week, according to Bill Rountree, city water superintendent.

The rains began falling early Monday morning and gauged 1.15 inches prior to noon of Monday. Rainfall which came on the fringe of a widespread storm Tuesday evening added 1.07 inches to Monday's precipitation for the total of 2.22 for the week.

Only a small rise was noted in the new city lake, Rountree said, and he estimated that approximately two inches of water was put into the lake by the rain. However, he said, the west lake rose several inches above its former level, fed by runoff from its large watershed.

Rainfall for the week brought the year's total to 6.04 inches, according to records at the city pump station.

The rains, general over the entire state, brought new life to wheat crops and early gardens. Wheat in this area had begun to die from lack of moisture, farmers reported, and the timely rain is believed to have provided sufficient moisture to keep the wheat alive for several more weeks.

Junior Gridsters Will Meet Rotan Friday

Hamlin's Mighty Mice football squad will invade Rotan Friday evening for the first game of a twin contest with the Fisher Countians, in spring practice.

The Mice have been working out for spring training with 45 candidates for berths showing up, Coach Jesse Burditt said.

The Rotan juniors will come to Hamlin next Thursday evening for the return match of the teams, Burditt announced.

BANK HAS HOLIDAY

The Farmers & Merchants National Bank of Hamlin was closed Thursday in observance of a state holiday, San Jacinto day. No other business firm in Hamlin observed the occasion.

Independents to Play Two Games Here This Week

Two home games are slated during the week end for Hamlin baseball fans, it was announced Wednesday by Chuck Abbott, skipper of the Hamlin Independents of the Oil Belt League.

The Independents, downed by the Odessa Oilers of the Longhorn League in a game last week after 11 innings of play, will meet another team of the Longhorn circuit, the Sweetwater Swatters, Saturday afternoon at 1:30.

The time of the game was set for 1:30 in order to prevent interference with trades day activities, Abbott said.

The second game for the week end, and the first scheduled under the recently organized Oil Belt slate, will be played Sunday afternoon at 2:30 when the Independents will take on the Divide team here. McCoy will start on the mound for Hamlin.

Abbott emphasized Wednesday that all games will begin promptly at the announced time. This rule was adopted to avoid loss of time for baseball fans.

The Independents have added eight flood lights to the ball park lighting system, and plan to install eight more within a short time, Abbott said.

The additional lights have been purchased to enable the team to schedule one night game each week, as well as a daylight game, later in the season.

Herald to Be Host to Civic Planning Group

The Hamlin Herald will be host to members of the Civic Planning Commission in its first meeting Friday evening in Johnson's Drive-In cafe.

The meeting has been set for 7:30, and a dinner will be served to those attending. Mayor Holly Toler will speak briefly, outlining the objectives of the group, and offering the cooperation of the city board in carrying out projects for the betterment of Hamlin.

Members of the commission, this week, were: Clyde Huff, VFW; J. C. Turner Jr., Chamber of Commerce; Travis Hash, Lions Club; Mrs. Ross Pomby, VFW Auxiliary; Charles Gardner, Rotary Club; T. W. McGuire, Fire Department. Other organizations are eligible to appoint representatives to serve on the board, it was pointed out.

Death Takes H. James, Hamlin Bank Director

Henry James, 76, president of the Farmers and Merchants National Bank of Abilene, and a long stockholder and director of the Hamlin F&M National Bank, died Sunday night, following a heart attack.

Rites for the banker were conducted Tuesday afternoon. James had been in the banking business for 59 years.

Here's How to Turn In a Fire Alarm

A plea to Hamlin householders to be calm when turning in fire alarms was voiced this week by members of the Hamlin Volunteer Fire Department.

Calmness at such a moment might result in the saving of a house and furniture from destruction, the spokesman for the group said.

A recent fire in Hamlin resulted in several hundred dollars of damage, most of which might have been prevented, it was pointed out, if the person who turned in the alarm had not been excited and given the wrong address.

"A moment used to be sure that the right instructions are given might save a building," the spokesman explained.

Burglars Enter Safeway Through Solid Brick Wall

Burglars, who evidently were not strong enough to carry out their swag after having entered the building, broke into the Hamlin Safeway store Sunday night, by removing bricks from the north wall of the building, according to J. H. Foster, city marshal.

Bricks were taken from the wall to create a hole large enough for one man to wriggle through, Foster said.

After the man entered the store, it is believed he then opened the rear door from the inside. An attempt then was made to carry out the firm's safe. The attempt was abandoned, evidently, the officer said, when the safe proved too heavy to load. The safe was turned over onto its face.

The opened rear door was discovered at 3:00 a. m. Monday morning by Elmer Brewer, night watchman, who immediately called Foster. After Foster arrived at the scene he called Clyde Alexander, manager of the store, who came down.

A cursory examination of the stock failed to indicate any appreciable amount of merchandise missing, Foster said.

Play to Be Given by Seniors of Sylvester

A 3-act comedy will be presented Friday night in the high school auditorium by the senior class of Sylvester High School, it was announced this week.

The play, "Desperate Ambrose," is in the western motif. Cast for the production includes: Tommy Early, Charlie McCain, Billy Brown, Alton Mauldin, Bill Reed, Glen Harold King, Vonnell Thompson, Jean Waldrop, Dorothy Smith, Rosa Lee Van Liew, Joyce McCain, Archie McCright and Minnie M. Combest.

ON GRAND JURY

Joe Culbertson, Clarence Bailey, Clyde Angel and Elmer Feagan were serving on the Jones County grand jury in Anson this week.

Swimming Pool Petition to Be Talked June 1

Final decision of the Hamlin city council on a petition of taxpayers presented at the Tuesday night meeting, calling for a bond election for the purpose of constructing a swimming pool here, will be made June 1, it was voted by members.

The petition was prepared and carried by Teddy Russell, who obtained 50 signatures on the instrument.

Members of the council in discussing the proposal Tuesday evening said it will be necessary first to determine if the present valuations on property will permit issuance of bonds sufficient for construction of the pool.

If the valuation will carry a bond issue, members expressed the opinion that favorable action may be taken in June. It was pointed out that it is too late to get a pool built for use of Hamlinites this season, as the six weeks delay will not affect construction for the 1950 season.

Proponents of the pool have urged the issuance of revenue bonds, which would permit revenue from operation of the pool to pay out the cost.

The council discussed briefly the street naming proposal and voted to table the matter until next week when a special meeting of the body can be called for final decision.

Two members of the fire department attended the meeting and urged early enactment of the street naming project. They pointed out the difficulties that face the fire department in finding location of fires under the present lack of a street plan.

The committee on street naming presented its recommendations to the council.

H-SU Acreage to Get Offset Well For Royston Find

First extension of the new Canyon sand production in Fisher County, two and one-half miles west of Royston will be on land owned by Hardin-Simmons University.

The well, a south outpost to the discovery well, will be the Stone, Sellers & Ewing No. 1 Hardin-Simmons. Permit is for 5,000 feet and drilling was slated to get underway late this week.

Original lease on the tract was to Harley Sadler of Abilene, who assembled the block for the Woods Drilling Company, No. 1 Radford-Shell, the discovery well. Sadler still holds offset acreage to the well and half of the Hardin-Simmons tract.

Test on the discovery well was being delayed early this week by mud and the plug still in the hole. Tubing had been pulled late Saturday for an attempt to swab the well clean. It had flowed eight barrels per hour for part of an initial testing period.

The W. H. Bryant No. 3 Eleanor S. Towne B. is a north offset to production 1,207 feet to the south. The well was nearing production this week, operators reported.

Teas Pacific Coal & Oil Company, No. 1 Port H. Williams, a south offset to the Pardue & Toler well, discovery well in the Ellenburger, was below the 3,000 foot mark early this week and drilling ahead.

The West Central Drilling Company, No. 1 D. M. White, slated as a mile east extension of the Round Top pool, was past the 2,500 foot mark and heading for the Svastika.

No gauge of production on the General Crude Oil Company, No. 1 Gonzales had been announced prior to Thursday. The well penetrated the reef at 4,820 feet. A good showing on initial test was reported.

Dr. P. J. Hawkins of Roby, will assume the control of the Hamlin Memorial Hospital within a few weeks, it was announced Thursday by W. L. Fletcher Jr., of the board of directors of the local institution.

Hawkins, now in charge of the Fisher County Hospital in Roby, has leased the hospital for a period of five years, and will assume control shortly after May 1.

The lease agreement was entered into several weeks ago, but name of the new manager was withheld from publication pending Dr. Hawkins' formal severance from his duties in the Roby hospital.

Dr. Hawkins told the Herald Thursday that he hopes to have another doctor associated with him within two weeks following his coming here. He said negotiations have been pending with the other doctor since the lease contract was signed, and he will make announcement of the doctor's name shortly after he arrives here.

The board of directors of the Hamlin hospital has worked diligently during the past few months in an effort to work out a plan for operating the local institution and of taking care of outstanding indebtedness. It is believed the lease agreement will help to solve the problem.

Dr. Hawkins was born at Jay-ton and was reared near Sylvester, where his parents, Mr. and Mrs. Elmer Hawkins now reside.

He is well known in East Fisher County and West Jones County. He graduated from Sylvester High School with the class of 1939. Later he attended McMurtry College at Abilene, Texas Tech at Lubbock.

Pair Who Passed Forged Checks in City, Indicted

An indictment for forgery was returned by a grand jury in the 104th district court at Anson this week against Allen Uxer and Ruth Uxer, both of Clovis, New Mexico.

The pair was alleged to have passed checks in Hamlin to the Safeway store, Simpson's, The Style Mart, and Hunter's Style Shop. In each store they would purchase merchandise and take the difference in cash.

The defendants are said to be under indictment in New Mexico on similar charge, and have not been surrendered to Jones County officers for prosecution.

The jury also returned an indictment against Dennis Stiners, Haskell County Negro, who is charged with forgery. Stiners was arrested in Hamlin Sunday by J. H. Foster, city marshal.

The man is said to have passed forged checks at the Gulf Oil Co. station and at the Ben Wilcox Grocery. The check given to the oil station was for \$18 and the one passed to Wilcox was for \$23, Foster said. He was arrested when he returned to the Wilcox firm and attempted to pass another check.

Foster said Thursday that Stiners is also wanted at Stamford and in Sweetwater for similar offenses.

Murrell Is Speaker At Rotary Dinner

Carl Murrell was in charge of the program at the Wednesday noon dinner meeting of the Hamlin Rotary Club.

Murrell spoke on the "Automobile Industry," and took his facts from a book written by M. E. Coll, "Relationship of Producer and Distributor."

He said that Henry Ford was one of the first great manufacturers of automobiles, an listed other pioneers of the industry. Murrell told the Rotarians that 40,000,000 automobiles and trucks are in service in the United States today.

and took his medical degree from Baylor University school of medicine.

He was graduated with a medical degree in 1945. Following his graduation Dr. Hawkins served two years in the army aid corps. He has been at Roby for the past nine months in charge of the Fisher County hospital.

Dr. Hawkins is married and the father of two children. He is a member of the Methodist Church and of the Junior Chamber of Commerce.

Fletcher said Thursday that the board of directors of the Hamlin hospital will have a formal statement to make the public concerning the lease agreement within a short time.

67 Are Listed On Honor Roll In City School

The names of 67 students in Hamlin High School were listed on the honor roll for the past six weeks, according to B. V. Newberry, principal of the school.

Only 12 students made straight A grades during the period, Newberry said. They are: Dennis Johnson, senior; Kay Bessie, Gwendolyn Norris and Donald Green, sophomores; Eleanor Huchingson, Anita Johnson, Jim Harwell and David Ford, freshmen; Allene Reynolds, Maxine Crawford, Don Johnson and Janie Anglin, eighth graders.

The A average students are: Ann Agnew, Joyce Dunn, Joe Ford, Shirley Riley and Donald Young, seniors; Frankie S. Madden, Nellie Koonce and Donna Miller, juniors; Joy Maynard, Dorothy Altum, W. T. Stapler and Douglas Woolf, sophomores; Nova Faye Lail, Barbara Posey, Dorothy Turner, Laura Courtney and LaVerne Bond, freshmen; Marvin Johnson, Joe R. Roman, June Carter, Ann Watts, Adell Altum and Earl Pritchard, eighth graders.

A total of 32 were listed on the B average honor roll. They are: Bobbie Bruner, Jaunez Branscum, Carol Phipps, Bettye Ray, Juanita Young, Wilma Moore, Beckie Bowman, C. E. White, JoAnn Johnson, Lewis LaBune, Jimmy Feagan, Barbara Rodgers, Janet Bonner, Lou D. Branscum and Wilma Wood, seniors.

Frances Martin, junior; Billy K. Newland, Juanita Early, Bennie Elkins and Donald Cheshier, sophomores; Peggy Jo McCleary, Roberta Wilkins, Jerry Williams and Bryan Dutton, freshmen; JoAnn Ivey, Kovon Rogers, Clark Hewitt, Kathryn Ritchey, Joe Don Hymer, JoAnn Holmes, Troy Collins and Jessy Dean Bowman, eighth graders.

6,785 Vehicles Are Wearing County Tags

A total of 6,785 vehicles in Jones County have been issued license tags during the 1949 season, it was reported last week by Elzy Bennett, tax collector.

The county precinct road and bridge fund has been given \$86,004.48 from the sale of license plates, Bennett said.

Of the total vehicles registered, 5,485 were passenger cars, 785 were commercial vehicles and 195 were farm trucks.

The Hamlin registration office has sold 1,130 passenger car tags, 20 commercial vehicle and 110 farm truck tags.

Total tax from registration of the 6,785 vehicles is \$122,038.70, Bennett said, and \$36,034.22 is paid to the state, leaving \$86,004.48 for the county. The county's share is divided among the four commissioner precincts.

Friedrich Elbert was the first president of the German Republic.

Newcomers and Progress

Too often in villages, towns and cities, those who are not natives are made to feel like rank outsiders when long-time citizens dispose of their participation in community affairs with the smug assertion that "he's just a newcomer."

There is no especial virtue in being a newcomer, but neither is there any vice. However sometimes a person newly arrived in a community is able to view civic problems with a perspective that is denied to those long familiar with its aspects. Not all newcomers give helpful assistance in community problems, but neither are all of them devoid of valuable suggestions.

Sometimes ideas that have positive merit are turned aside merely because they originated with some person not long a resident of the town.

Actually, those of us who claim Caucasian lineage are comparative newcomers to the continent we now call our own. The Pilgrim fathers were rank newcomers to the shores of New England, and were met by the "old-timers" of that area with no less hostile acclaim than that accorded oftentimes to late arrivals in our modern communities.

However, it was the "newcomers" to the shores of America who succeeded in developing the latent resources of this great land. The aborigines—long-time residents—had made no progress in the thousands of years they had occupied the continent.

Yes, sometimes, even a newcomer might have an idea that is sound—and not all newcomers have ulterior motives.

It is an undoubted truth, that the less one has to do, the less time one finds to do it in.

—Lord Chesterfield

A great amount of time is consumed in talking nothing, doing nothing, and indecision as to what one should do. —Mary Baker Eddy.

Two Kinds of Medicine

Dorothy Thompson devoted one of her recent columns to the proposed bill to establish compulsory government health insurance. She observed that she had lived under socialized and regimented medical systems in England, Austria and Germany. She then had this to say about them: "They cost the people far too much. They provide inferior services at a high price. They are incapable of dealing with really serious and complicated cases. They result in two sorts of medicine—good medicine for the well-to-do; and bad for the masses, at high cost to those who can least afford it. And they build up a vested interest of physicians and bureaucrats which the people will never get rid of."

Miss Thompson can hardly be branded as a black reactionary—which is one of the labels the socialists often pin on those who do not agree with the premise that the cure for everything is more and more government and more and more taxes of all kinds. She observes that this country certainly does need better health service, and that people who honestly can't afford to pay for adequate care must be assisted. But, as she says, "Just why this most inventive country seems compelled blindly to copy social measures originating elsewhere is baffling." A segment of the American people, apparently, believe that we can succeed with schemes which have been an utter failure everywhere else. And that attitude, if it is reflected in action, could be disastrous.

The compulsory health insurance plan is simply one of the planks in a platform that would create a total state. Lenin himself ranked socialization of medicine high among communist objectives. And socialized medicine will come as surely as night follows day if we give the bureaucrats control over medical practice.

France's Experiences With "Free" Medicine Proves Plan Is Failure

BY GEORGE PECK

In previous articles I have pointed out what has happened in Germany and New Zealand since those countries adopted "Free Medicine" schemes. The evidence shows that in those two countries results have been most unsatisfactory, from standpoints of both national health and national economy. Now, let's review briefly what has taken place in France with its "Free Medicine."

France, in a sense, inherited its "Free Medicine" plan from Germany. At the conclusion of World War I, by the terms of the Versailles Treaty, France took over Alsace-Lorraine from Germany. The Bismarck plan of socialized medicine was in operation there and the French not only allowed it to continue, but to spread over all of France.

Soon, France found that the German system was lacking in many respects and attempts were made to improve on it. One glaring weakness was that doctors were forced to cater to patients and make compromises. As a consequence the doctor who was most willing to listen to and grant the patients' various requests had the largest and most lucrative practice.

In France the doctors' fees are very low, ranging from the equivalent of from 25c to 50c per visit. The patients constantly complain that they do not get the service to which they are entitled, and the doctors on their part grumble because they are paid too little.

In order to enhance their income, many French doctors sign sick-leave statements for their patients, and then share the money received. Just as in Germany, the doctors in France are not chosen because of their medical skill, but rather because of their willingness to cooperate in deceiving the government—all at the taxpayers' expense.

As in other countries cursed with "Free Medicine" plans it is common practice in France for a woman to secure prescriptions from the physician and then convince with the druggist by trading them in for cosmetics or some other type product. Thus druggists, too, become part of the plot to cheat the French government.

The French compulsory health insurance system has produced high deficits. Much of the surplus from the old age pension fund, which was originally intended to be used in supporting government bonds on the market, is now being used to pay the deficit in the health fund. As a result French government bonds and the general finances of France are "on the rocks."

Financial experts consider and have proclaimed that the compulsory insurance program is on the verge of bankrupting the French system of government.

It is evident that "Fifty Million Frenchmen Can Be Wrong," and that it was a sorry day for France when she took on "Free Medicine" via Alsace-Lorraine. The French have paid and are still paying "through the nose" in learning that "Free Medicine" is "Bad Medicine."

It is just as evident that "One Hundred-and-Fifty Million Americans Will Be Awfully Wrong," that it will be a sorry day for us if we permit the Administration to bludgeon through Congress its socialized medicine plan for this nation.

Your Congressman and your U. S. Senators would like to hear from you on this subject. Strengthen their hands by writing to tell them that the price for "Free Medicine" is too high; that you want our American doctors—incidentally, the world's best—to continue as free individuals, with every incentive to become even better; that you, as a prospective patient, wish to consult with and be treated by a competent, well-paid, private practitioner, rather than to carry your health problems to an inefficient, underpaid petty bureaucrat.

Franks Cites Evils in Closed Shop Features of Contracts With Unions

BY MAURICE R. FRANKS

Of course, if we are to close our eyes on morals and the dignity of man, there is something to be said for the closed-shop plan. Certainly, for under the Closed Shop it is no longer necessary for union leaders to render fitting service to their constituents in order to hold down their jobs. By virtue of the very facts that the worker must work for a living and to do so must first belong to a union, the money keeps pouring into the union till, as tribute rather than as the price of vital service.

Under the closed-shop system the position of the labor leader is secure, come hell or high water, and he has very little to mar his digestion and disturb his dreams. He can devote more time to other interests, such as politics, to put it gently. Under the Closed Shop no constituent dare criticize his leader for fear of being expelled from the union, an event tantamount to cutting him off from his chance to earn a livelihood. The Closed Shop is thus a handy club in the hands of an unscrupulous labor leader. No wonder so many of the "boys" are demanding legalization of so valuable an economic weapon.

To be sure, he labor leaders have gained a lot of sympathy from our legislators on the argument that it is unfair for a worker to derive the benefits of a union contract without assuming to pay his full share of the toll—the old, free-ride argument. But here is a phony if ever there was one. How can a worker with something extra on the ball be taking a free ride on the vehicle of unionism if this vehicle happens to be travelling in a direction opposite to that of his desired destination—which is a gain extra reward for extra effort and capacity? Not all bricklayers, plumbers and carpenters, let us remind ourselves, enjoy having their potential earnings geared to those of the slowest and least ambitious of their kind.

On the employer's side, he closed-shop plan also has its advantages. For example, it permits him to travel the road of least resistance. With closed-shop contract locked up in his safe, he has no longer has to bother his curly head with such a contract, a worker is generally hired at the union hall and, when rightly or wrongly accused of union insubordination, can as easily be fired at the same locale—and by the very man, if you please, who hired him! Such a device is nothing short of outlandish, but at least it takes a load from the employer's shoulder.

Well, let me remind such sleepy-eyed employers here and now that there is a stiff price to be paid for thus following the line of least resistance.

Let's take as an example the printing industry. Printers for years, have operated under a strict closed-shop plan. The contract grants the union complete authority to furnish the employer with such employees as his business may require. Now add to this situation the

fact that ood printing crafts are not made overnight, that each must learn his trade through years of apprenticeship. But, because it is advantageous to the union to have a controlled membership and because the way to control a membership is to discourage a large number of apprentices, the net result is that fewer and fewer would-be craftsmen are entering the trade and the printing industry itself is greatly embarrassed for want of new blood.

Therefore, to both the workers and the employers of the nation, let me say rih here and now, when the issue of the Closed Shop is before our Federal Legislature. In order to avoid future embarrassment to ourselves, our families and our businesses, let's not fall asleep while an incendiary torch is blazing close to the structure of our national economic welfare—LET'S OPEN OUR EYES ON THE CLOSED SHOP!

Overlooked Somehow.

Shopper (after looking at everything in the department, "Thank you, but I am just looking for a friend."

Disgusted Clerk—"Well, here's one bolt of green silk you haven't seen. Do you think she could be in that?"

Followed the Example.

"I hear you stayed in a haunted house last night. What happened?"

"About 12:00 o'clock a ghost came through the wall just as if there were no wall there."

"And what did you do?"

"I went through the opposite wall the same way."

Wanted Something Different.

The boss had successfully completed a big deal. So that night, by way of celebration, he took his beautiful secretary on a tour of the night spots. By midnight the boss was feeling very mellow. He parked himself at a table and placed his arms around his secretary.

"Come on, baby," he cooed. "Sit on my lap."

The girl drew back. "Oh, please, Mr. Smith," she pouted, "we're supposed to be out for a good time. Can't you forget the office for a while?"

Odessa Oilers Whip Blue Sox Here Last Saturday in Exhibition Game

Approximately 400 baseball fans from Hamlin and surrounding area watched the Odessa Oilers whip the Abilene Blue Sox in an exhibition game played on the Hamlin diamond last Saturday afternoon. Score of the game was 13 to 8.

The game marked the second time last week Odessa had defeated the Blue Sox. The Oilers had swamped Abilene Monday night of last week 12 to 2, and managed to defeat Hamlin Tuesday afternoon by a slight margin after 11 innings.

In Saturday's game the Blue Sox manager was forced to make some last-minute lineup changes when Leo Bohannon, who has been playing at first base, failed to show up for the exhibition.

The Oilers spent all last week in Hamlin, working out and getting some pre-season practice in the two games they played here.

Burleson Debates on Recognition of Spain

Rep. Omar Burleson of Anson, a member of the Foreign Affairs Committee of the House of Representatives, argued for immediate recognition of the government of Spain in the television broadcast of "Court of Current Issues," in New York City, Monday evening.

Burleson was aided in the argument by Capt. John Huston Craig, former marine officer and military analyst for International News Service, and Ely Culbertson, author.

Alvarez Del Vayo, one-time foreign minister for the deposed republican government of Spain, Miss Lisa Sergio, news analyst, and Richard Lauterback, foreign correspondent, opposed recognition.

The debate was judged by James M. Landis, former dean of the Harvard Law School.

Mr. and Mrs. George E. Hale of Abilene were guests in the home of Mr. and Mrs. B. E. Hale in Hamlin last Sunday.

Steady to Lower Prices Prevail in Southwest Markets During Past Week

Southwest farmers received steady to lower prices for most products during the past week the U. S. Department of Agriculture's Production and Marketing Administration reports.

Lamb prices dropped \$3 to \$5 from last Monday's record high prices at Fort Worth and \$2 to \$3 from last week's all-time high's at San Antonio. Oklahoma City and Denver also recorded losses of around \$2 to \$3 on lambs. Best spring lambs ranged from \$26 to \$28 Monday this week. Ewes lost 50 cents. Goats changed little.

There was little or no trading in wool or mohair last week.

Dressed lamb prices fell \$8 to \$10 a hundred for the week at New York. Beef and mutton sold steady, veal \$1 to \$4 lower, and pork \$1 over to \$1 higher. Sheep numbers rose sharply at all markets last week but failed to equal a year ago. Monday this week found sheep receipts down to about half those of a week earlier. Last week's receipts of cattle, calves and hogs held somewhat in line with the week before or a year ago at southwest and mid-west markets.

Hog prices continued downward by 50 cents to \$1 for the week. Top hogs fell to \$18 at Fort Worth Monday, the lowest since October, 1946. Best butchers moved at \$18.50 at San Antonio and Oklahoma City, and \$19.75 at Denver.

Cattle prices showed little change for the week. Good yearlings sold up to \$27 at Houston Monday and \$5.50 at San Antonio. Fort Worth good choice steers and yearlings at \$24 to \$28. Oklahoma City paid .2625 for choice yearlings.

Increasing supplies of spring vegetables brought generally lower prices last week. Demand slowed for south Texas products. Small sizes made up a large share of new potatoes, and prices fell. Onions, beans and squash became more plentiful. At other markets, lettuce, cabbage, green onions and strawberries weakened.

Sorghums gained 3 cents a hundred, as most other grains lost 1 1/2 to 3 cents a bushel. No. 1 wheat closed Monday at \$2.38 to \$2.45 at Texas common points. No. 2 white corn sold at \$1.71 to \$1.74, yellow to \$1.63, and milo \$2.70 to \$2.75.

Scattered lots of rough rice went to market last week, with short rains bringing slightly higher prices. Wheat millfeed prices continued to rise, although most other feeds sold unchanged to lower. Li-

mitted offerings of hay sold about under slow demand. Peanuts showed little change, as rains delayed planting.

Egg and poultry prices held about steady for the Easter season. Current egg receipts brought mostly 40 to 41 cents a dozen at Dallas and Fort Worth, 39 at Denver, and 40 to 44 at New Orleans. Heavy hens sold from 32 to 34 cents a pound in north Texas, 39 to 41 at New Orleans, and 35 to 36 for heavy types at Denver.

Cotton advanced 25 cents a pound at Houston, 32.80 at Dallas, and 32.95 at New Orleans.

Firemen's Auxiliary Met Last Thursday

Members of the Women's Auxiliary of the Hamlin Fire Department met in the fire hall last Thursday evening.

"Secret Pals" names were revealed when members told what they had received from their respective "pals" after which each member told how she met her husband and how long they had been married.

Refreshments were brought in by members of the fire department.

Mrs. Alton Mayfield and Mrs. H. E. Lawson were entertainment directors for the evening.

The group will continue to work on the quilt each Thursday afternoon in the fire station.

Present for the meeting were: Mrs. Jack White, Mrs. Bill Thompson, Mrs. Mickey McGuire, Mrs. Sol Branscum, Mrs. Elmer Brewer, Mrs. J. H. Foster, Mrs. John Edwards, Mrs. Alton Mayfield, Mrs. Garland Coltharp, Mrs. Roy Kelley, Mrs. Ray Huling, Mrs. Weldon Hudson, Mrs. L. J. Cunningham, Mrs. Travis Conner, Mrs. Bryant Conner and Mrs. H. E. Lawson.

Mrs. Brad Rowland and Mrs. Bill Thompson will be co-hostesses for the meeting April 28.

Mr. and Mrs. Paul Cain and son of Sweetwater spent the Easter holidays in Hamlin with Mrs. Cain's mother, Mrs. Hopper.

Jack Harden, student in Texas University at Austin, and Bob Harden, student in Texas Tech at Lubbock, were guests of their parents, Mr. and Mrs. Jack Harden, during the Easter holidays.

Mrs. B. Hassen spent Monday and Tuesday in Dallas on business.

JEANNIE JOHNSTON

Jeanine Johnston in Play May 5-6 at HSU

Jeanine Johnston of Hamlin, senior speech major in Hardin-Simmons University has been selected to play one of the supporting roles in "Nine Girls," a two-act mystery melodrama, being presented by the University Players May 5-6.

Miss Johnston, the daughter of Mr. and Mrs. H. A. Johnston, will portray the part of Glamour Puss, one of the Nine college sorority girls who get mixed up in a mysterious murder case.

The play, consisting of an all girl cast, is one of the several presented by the group during the school year in addition to the major spring and fall productions.

Directing the play will Ann Margaret McCraw, speech instructor and acting coach at Hardin-Simmons.

Brigham's Jersey Is Rotan Show Winner

James Brigham, member of the Hamlin chapter of Future Farmers of America, won reserve championship in the junior division with his Jersey female in the annual West Texas Spring Jersey show in Rotan last Friday.

Brigham was the only Hamlin exhibitor to take honors with his entry.

Coy Stuart of Roby took top prize money in the show with Lee Baker of Abilene Christian College a close second.

Mr. and Mrs. William Taylor of Abilene were guests of Mr. and Mrs. J. B. Bowman Sunday.

Seek Chairman In Hamlin for Cancer Drive

Efforts to find a chairman for Hamlin for the annual drive on cancer were being made this week by Miss Leonora Barrett of Anson, county chairman, and Mrs. E. M. Wilson, secretary of the Chamber of Commerce.

Miss Barrett said last week that an educational drive is being waged throughout the state during the month of April in an effort to inform the public about the dangers of the dread disease.

The campaign will include informative articles about how to detect early symptoms of cancer and what to do if its presence is suspected.

Literature on the campaign was left with Mrs. Wilson to be used in this area during the month.

Mrs. Wilson appealed to persons who will be able to devote time to the campaign to get in touch with her.

Funds are needed for research on cancer, and people throughout the United States are being asked to contribute to save the lives of those who have been found to have the malady.

Lions Club Nominates Candidates for Office

Candidates for Lions Club offices were nominated at the Tuesday noon meeting of the organization in the Johnson Drive-Inn cafe.

Nominations were made by secret ballot, and will not be announced until the meeting on April 26, at which time the election will be held.

Additional plans for the zone ladies' night banquet to be held in Hamlin Elementary gymnasium Friday evening, April 15.

Find Clue Near Scene Of Anson House Blast

What is believed to be a valuable clue was found near the scene of an explosion which destroyed a two-story house near Anson early Sunday.

The clue, a piece of wood on which was lettered "high explosives, danger," was discovered near the wrecked house by Raymond Spraberry, former deputy sheriff.

Sheriff Bill Dunwoody was investigating the mysterious blast which took place early Sunday morning.

Turners Hosts to MYF Party Friday Evening

Miss Annie Lee Turner and Miss Melba Turner were hostesses for a party given in the home of their parents, Mr. and Mrs. John G. Turner last Friday evening for members of the Methodist Young Fellowship.

Present for the social were Billy Gabriel, Garland Ludecke, Delwin Ludecke, Virginia Mayfield, Marlene Goodgame, R. L. Miss Bonnie Black Is Bride of Jack Vaughan In Easter Wedding Rites in L. V. Ely Home

Miss Bonnie LaRhe Black, daughter of Mr. and Mrs. Black of Hamlin, became the bride of Jack Vaughan, when vows were read for them by the Rev. Dan Jones, Nazarene minister, in the home of Mr. and Mrs. L. V. Ely Sunday.

Attendants at the double ring ceremony were Mrs. Rex Jones of Abilene and Fred Vaughan Jr., of Hamlin.

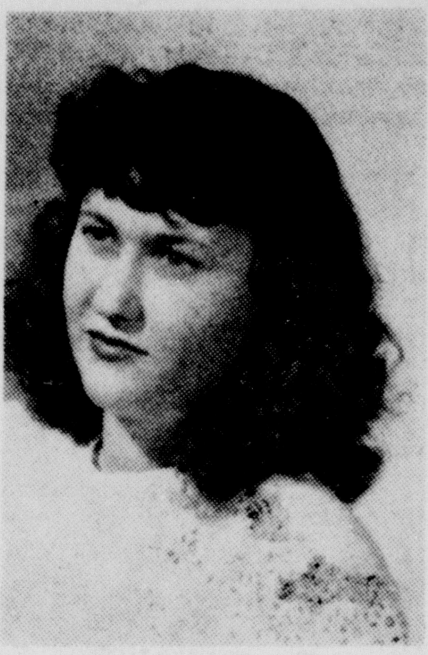

The bride was dressed in a blue crepe street length dress with navy accessories. She wore a corsage of pink camellias.

Mrs. Jones wore a pink crepe dress with white accessories, and her corsage was of white carnations.

Mrs. Vaughan was graduated from Hamlin High School and later attended Hardin-Simmons University in Abilene. For the past year she has been employed at Waggoner Drug Store in Hamlin.

Vaughan, the son of Mr. and Mrs. Fred Vaughan Sr., was graduated from Hamlin High School and later attended Texas Tech at Lubbock, Texas Christian University at Fort Worth and Harvard. While in Harvard he was commissioned an ensign in the navy and served four years in the southwest Pacific.

Following a brief wedding trip Mr. and Mrs. Vaughan will be at home on the Vaughan farm east of Hamlin.

WEDDING IS ANNOUNCED

The wedding of Miss June White of Crane to Jack Dean, formerly of Hamlin, was announced this week by Mr. and Mrs. W. H. Dean, parents of the bride groom. The wedding took place March 9 in Crane. Dean is a graduate of Hamlin High School with the class of 1945. Following his graduation he served 18 months in the navy. He is employed now in Crane, where they will make their home.

To Mr. and Mrs. Willie D. Rankin, a son, Monday, April 18, in Ranger General Hospital. The child has been named Bruce Frost Rankin.

Patricia Branscum Is Honored on Birthday

Mr. and Mrs. Dan Branscum honored their daughter, Patricia Dan, with a party on the occasion of her eighth birthday anniversary last Saturday.

Games were played for entertainment, and refreshments were served.

Those present were Barbara Butler, Mary Lou Ellison, Barbara Sampson, Barbara Ann Cowen, Mae Jo Beene, Earl Ray Sampson, Bobby Ellison, Dan Allen Bruner, Lloyd Neal Branscum, the honoree, the hostess, Mrs. Dan Branscum and Mrs. L. B. Bruner.

Althean Class Had Easter 42 Party

Members of the Althean Sunday school class of the First Baptist Church met in the home of Mrs. John Walton last week for an Easter class party.

Games of 42 and bingo were played with prizes being awarded the winners.

Following the games a balloon blowing contest was conducted.

A refreshment plate of tuna fish sandwiches, sweet pickles, olives, potato chips and punch were served. Plate favors consisted of miniature Easter baskets with tiny candy eggs and rabbits in them.

Those who attended were Mrs. Kathryn Shelburne, Mrs. Melvin Strain, Mrs. Ruth Hallmark, Mrs. Betty Miller, Mrs. Nelson Lowe, Mrs. W. H. Carter, Mrs. Ben Parker, Mrs. John Walton, Mrs. I. R. Hutchinson, Mrs. A. R. Posey, Mrs. Joe A. Simpson, Mrs. E. B. Stamford Gets Fat Stock Show For Next Year

Stamford will be the site of the 1950 Jones County 4-H Club, FFA Fat Stock Show, it was decided at a meeting of agricultural committees of the Anson, Hamlin and Stamford Chambers of Commerce last week.

The meeting was held in Anson and was attended by Lee Walker, manager of the Stamford Chamber of Commerce, Art Carmichael and T. C. Blankenship of Hamlin, and Durwood Owens, Larry Dooley and Max Ward of Anson, and Bill Lehmberg, county agent.

The show will be conducted in Hamlin in 1951, the committee voted, and will be held again in Anson in 1952. Original plans for the exposition call for rotating the show each year to the three towns of the county.

The committee voted to discontinue the sale of livestock following the show. Instead of a sale, premiums for the animals will be increased, it was voted.

In the beef division the animals will be judged and classified as to prime, choice, and good, with a small bonus to the producer of the prime and choice animals.

Date for next year's show was tentatively set for the last week in February.

Brownfield Rites for Former Grocer Friday

Funeral rites were conducted in Brownfield last Saturday for Troy "Boots" Walker, former resident of Hamlin.

Walker died in his home last Friday, following a brief illness. He had been engaged in the grocery business in Hamlin for 11 years, prior to his removal from here.

He was born March 29, 1906 and had spent his entire life in Texas, except for the time he served in the army during the recent war. Walker saw action in the Pacific area.

Funeral services were conducted in the First Baptist Church of Brownfield, and Walker was buried in the Brownfield cemetery.

Hamlin Trackmen to Compete in Regional

A group of seven members of the Hamlin High School track team will go to Abilene Saturday to compete in the regional meet. It was announced this week by J. N. Burditt, coach.

The boys, winners in the district meet in Merkel, were selected to take part in the Abilene competition. Those who will go are Asa Goodgame, Joe Allen Dean, Joe Ford, Sugar Green, C. L. White, W. T. Stapler and Bobby Potter.

Events in which they will participate are the spring relay, the mile relay, the 880-yard race and the high jump.

P. O. BOXES HERE

An additional 135 post office boxes recently allotted to the Hamlin office, have been received and were installed this week. Perry Sparks, post master, said he already has rented more than 80 of the boxes.

Tuberculosis Is Not Transmitted By Inheritance, State Doctor Says

Visitors to this country have accused us of being a nation of gamblers. Whether or not one agrees with the overall implication, we shall have to admit that too many of us gamble with our health.

This foolish attitude can be doubly dangerous when we gamble with a serious disease like tuberculosis. It is safer to assume that such a gamble is a losing game, with the odds against anybody who indulges.

Sometimes this gamble is based on a too-popular fallacy. Many people feel that tuberculosis will never touch them because "there has never been any in the family." They believe tuberculosis is "inherited" and so there is no chance of their getting it.

No one "inherits" tuberculosis. The disease is a highly contagious one, spread by people who are sick with it to people who are well. You may find that no matter how far back you may go in your family history, there has never been a trace of the disease. But this gives you no guarantee against tuberculosis, because you can pick up the germs anytime, anywhere, and you may become a victim of the disease.

Tuberculosis is spread by close contact with a person who has the disease. If tuberculosis seems to "run in the family," it is because one member of the family catches it from another.

The false notion that tuberculosis is inherited can be dangerous in another way. Sometimes people who have had tuberculosis in the family adopt a defeatist attitude and either fail to take proper precautions to protect themselves from the disease, or, if they do get it, assume that they cannot be cured and refuse treatment. But tuberculosis can be cured, although it is easiest to cure when detected in an early stage.

Since tuberculosis is a disease spread from person to person, rather than inherited, any one of us can get it, whether there is a "history of TB" in the family, or not. Consequently, we should all make it a point to get regular physical examinations, including chest X-rays. This is one of the best ways of checking up on our health and gaining the assurance that we are keeping healthy.

McCaulley HD Club Met In Maberry Home

Mrs. Luther Maberry and Mrs. Jerry Miller were co-hostesses to members of the McCaulley Home Demonstration Club in the home of Mrs. Maberry, Thursday, April 7.

Members answered roll call by displaying a family heirloom and giving the history. Mrs. Merry Maberry was in charge of recreation.

Mrs. Fred Kemp and Mrs. Melvin Henderson gave demonstration of hand work and food preparation for frozen food lockers.

Following the program pot plants were exchanged by members.

Plans were made for the next meeting which will be held May 5, in the home of Mrs. Ira Smith. All members were asked to bring quilt block.

Refreshments were served to members and one visitor.

Mr. and Mrs. W. L. Hunter spent Sunday in Smithville as guests of relatives.

"Swat That Fly," Is Plea of Cox, Health Officer

Countless thousands of lives are lost annually throughout the nation, from diseases that are transmitted by the common housefly. Dysentery, diarrhea, typhoid fever, tuberculosis and many other disabling and even fatal diseases are spread by flies, and the control of houseflies becomes of great importance when considered in the light of public health.

Dr. Geo. W. Cox, state health officer, says that in order to protect our families we must make sure our homes are fly-proof through proper screening, an then concentrate on eliminating filth, garbage, and other breeding places for flies.

"See that your windows, doors, and porches are screened so that the stray fly from some careless neighbor cannot molest your family," Dr. Cox said, "make sure that your grocer observes proper sanitation standards and keeps your meat, food and vegetable supplies screened from flies."

"Then direct your efforts to eliminating all fly breeding places such as open garbage pails, open privies and other filth that offers the fly proper warmth, moisture and food. Flies thrive on filth, and inasmuch as a female housefly will produce 600 to 1000 eggs per season, it can easily be seen that one breeding place left available in a community, can be responsible for a tremendous horde of flies."

Dr. Cox recommended organized efforts as being effective in ridding a community of flies, and emphasized that no matter how clean one family's home and premises are, they are still not safe if another home own the street leaves filth where flies can breed.

Donald Young Buys Registered Hereford

Donald Young, a third-year student in vocational agriculture in Hamlin High School, has purchased a registered Hereford cow from the Y-6 ranch.

The cow will be used as a foundation for a herd Donald plans to raise. She is with calf from WHR Proud Mixer, the Y-6 Ranch main sire.

Mr. and Mrs. Bill Scott, of Hardin-Simmons University, were guests of Scott's mother, Mrs. Frankie Scott, Saturday night and Sunday.

Mr. and Mrs. W. C. Elkins had as their guests for the Easter holidays Calvin Elkins of Sweetwater and Billy Hamrick of Houston.

Trash in Bar-Ditch Is Violation of Law

Throwing of broken glass, bottles, tin cans, or other junk and trash into bar ditches along county highways will result in fines to the offenders, it was voted at a meeting of Jones County Commissioners Court last week.

It also is a violation of law to plow any part of the bar-ditch, the commissioners pointed out, and those found guilty will also face court trials and fines.

A state law protects the entire right-of-way for all roads and highways, the commissioners pointed out, and it is planned to prosecute any offenders caught in violation.

Mr. and Mrs. George Campbell and daughter, Ruby Faye, and Mr. and Mrs. Frank Campbell visited Mr. and Mrs. Pete Burfield of Merkel last Sunday.

Neal Brackeen and Howard Brackeen of Fort Worth were visitors in the home of their mother, Mrs. J. S. Criswell Saturday night and Sunday. Other guests in the Criswell home were O. R. Criswell, an son, Victor of Celotex, and Mr. and Mrs. Quentin Criswell of Wichita Falls.

Wit of the Irish.

The Irishman's eyes twinkled with mischief as he entered a shop where a notice was displayed saying that nearly everything there was sold by the yard.

"I'll take a yard of milk," he said to the shopman.

Wrinkling his brow for a moment the shopman dipped his finger in a bowl of milk and drew a line a yard long on the counter. By this time several other persons had come in and all watched the proceedings with keen interest, wondering what Mike would do.

Without moving a muscle, he asked the price.

"Five cents," said the shopman confidentially.

"All right, sor. Roll it up and O'll take it."

Jones County 4-H Club Boys Start Training

Training in crop judging was started this week by 4H Club boys of Jones County, Bill Lehmborg, county agent, reported.

Judging contests sponsored by the extension service, Lehmborg said, include livestock judging, wool judging, range management demonstrations, grass identification, crop judging, dairy demonstrations and rifle marksmanship contests.

His Talk Came High.

A man finally bought a parrot at an auction after some very spirited bidding.

"I suppose the bird talks," he said to the auctioneer.

"Talks?" was the reply. "He's been bidding against you for the past half hour."

Prize Boar Purchased For Hamlin FFA Use

Purchase of a Hampshire blooded boar for use of Hamlin FFA members in their swine projects, was announced last week by Fred B. Moore. The animal will be kept on the Moore farm.

T. C. Blankenship, vocational agriculture instructor, bought a brood gilt to be used as a foundation brood sow.

Boys who own Hampshire swine stock are: Raymond Seifers, 1 sow; James Brigham, 1 bred gilt, and Antonio Gonzales, 2 sows.

Visiting in the home of Mr. and Mrs. Harold Bonner this week were Mrs. Bonner's sisters and their families, Mr. and Mrs. Alvis Ammons and children, Mr. and Mrs. Owen Bonner and son, all of Bridgeport, and Mr. and Mrs. Clarence Jordan of Levelland.

Guy Fawkes in 1605 attempted to blow up the English House of Parliament.

Control of Flies Seen In Use of Black Leaf

Flies that swarm around cedars, Arizona cypress and other ornamental shrubs, can be controlled by proper use of Black Leaf, Bill Lehmborg, county agent, said this week.

The flies are drawn to the plants by the plant lice that feed on such shrubs. The lice or aphids exude honey dew, and it is this sweetish substance that attracts the flies.

The preparation should be made by mixing one teaspoonful of Black Leaf 40 with two quarts of water, and then sprayed on the plants.

"Papa, ain't you afraid of bugs and snakes?"

"No."

"Ain't you afraid of caterpillars or spiders?"

"No."

"Ain't you afraid of lightning and thunder?"

"No."

"Ain't you afraid of nothing in the world but just mama?"

VETERANS' NEWS

Veteran-students who acquire dependents or additional dependents while in training under the GI Bill should notify Veterans Administration as soon as possible, so that VA can determine whether they are eligible for increased subsistence payments.

Notice of change in dependency status should be sent to the VA regional office in which the veteran's records are kept. The notice should be accompanied by legal evidence of dependents, such as a certified copy of public record of birth, baptism or marriage.

Subsistence payments will be increased as of the date legal evidence is received by VA, and will not be made retroactive to the date the veteran actually acquired the dependent.

Monthly subsistence allowances for veterans studying full-time in school are \$75 for those without dependents, \$105 for those with one dependent, and \$120 for those with more than one dependent.

Anson Farmer, Kir Hamlin Man, Passe

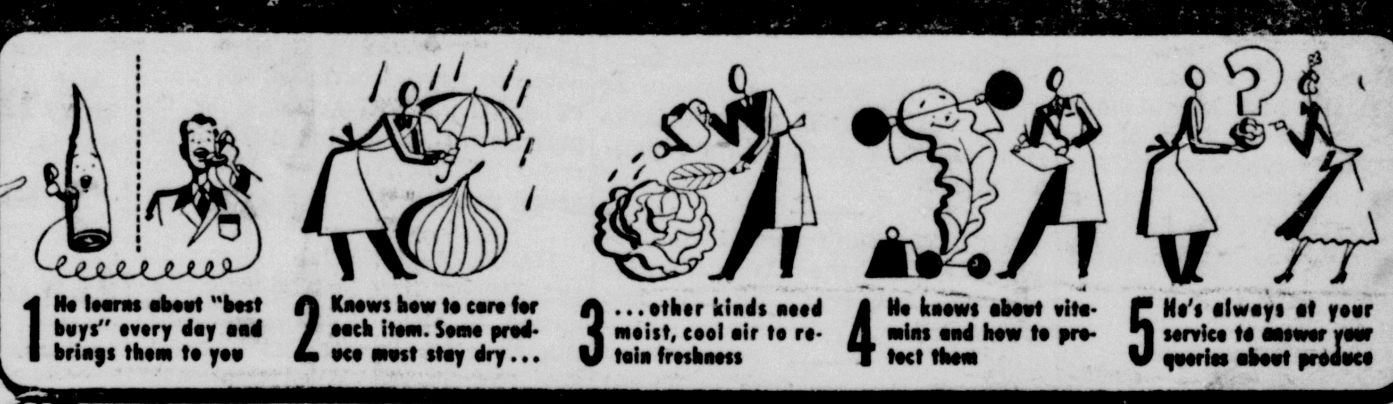

Funeral services were conducted in the First Baptist Church Sunday afternoon for Joseph P. Wilson, 68, retired farmer, and lone time resident of Jones County. Wilson died in an Abilene hospital Sunday night.

Wilson was the uncle of C. C. Wilson, Hamlin cafe proprietor.

Mrs. W. H. Gilbert left Monday for her annual vacation. She went to Philadelphia with friends from Anson, and from there will go by train to Westfield, New Jersey, to visit in the home of her son-in-law and daughter, Mr. and Mrs. Charles E. Holder. Enroute home she will come by Washington, D. C., Nashville, and Little Rock.
